## Support Update

The Lord has blessed us this month as we have shared our ministry in several churches, been apart of two missions conferences, and gained several ministry partners and prayer supporters. When we wrote our August update letter on September 1st, our monthly support level was 25%. By the end of September, that number had increased to 40%! Now at the beginning of November, we are almost at the 50% mark. With the new churches who have just voted in this last week to take us on, we are confident that we will soon be over that 50% in no time. We are so thankful that as churches are renewing their faith promise commitments and voting in their business meetings, they are remembering our burden for the Chilean people and committing to support us as we take the gospel to Chile.

We have been praying about where God will have us live when we move to Santiago. It is a huge city, and one of our first priorities will be starting a Bible study in our home to reach our neighbors. While nothing is finalized yet, it looks like we may be able to rent a house in the neighborhood of Ñuñoa. Please join us in praying for God's leading, and for this neighborhood specifically, that the hearts of our future neighbors will already be softening and receptive to the gospel.
